PROFILE INFO

I am strongly interested in pursuing a career in software engineering. I am currently learning JavaScript, HTML, and python, and am keen to gain further technical experience where I may apply my skills. I enjoy working with others and am eager to become part of team. My goal is to obtain an internship in France.

WORK EXPERIENCE

OCT 2021 - Present
University of Oslo
OSLO

Intern - Computer & Electronics

In this role I am responsible for the installation, planning, and maintenance of internet access for employees. I also work with the departments employees in order to solve IT issues, and manage administrator access.
